**Mouse Anti-ABCA3 Antibody (clone 17-H5-24)
Monoclonal Antibody**

Catalog Number: WMAB-ABCA3-17
Quantity: 100 μ l
Specificity: Human
Immunogen: Human ABCA3 peptide (his tag)
Isotype: IgG_{2b}K (17-H5-24)

Immunohistochemical Stain

Applications and Suggested Dilutions*

Immunohistochemistry – 1:1000 (Adult human lung Type II cells, fixed tissue).

*Specific dilutions and blocking conditions should be determined by the investigator.

QC Testing

Immunohistochemical staining.

Supplied As

Ascites fluid containing 0.01% sodium azide to preserve.

Storage

Store at -70°C. Multiple freeze/thaw cycles not recommended.
